

INTERNATIONAL SOCIETY FOR INFECTIOUS DISEASES

Dear Colleague,

Are you a young infectious diseases professional with ambitions to complete ground-breaking research? Are you seeking ways to develop your skills and expand your horizons? Applying for one of this year's ISID Research Grants or Fellowships could help you.

- **ISID Research Grants** - 8 grants worth up to US \$7,000 each are available to fund the pilot research programs for young investigators from resource limited countries working on infectious diseases in humans.
- **ISID/ESCMID Fellowships** - 2 fellowships of US \$7,500 each are available to fund 3 months of clinical and laboratory training in Europe for young infectious disease researchers from resource-limited countries.
- **SSI/ISID Fellowships** - 1 year's financial support is available for up to 2 infectious diseases practitioners or scientists from a resource limited country wanting to complete multi-disciplinary clinical and laboratory training at select biomedical institutions in Switzerland.

Find out more about eligibility criteria and how to apply by the April 1, 2018 deadline on our new web site at www.isid.org/research.

Best regards,
Amy Galblum
ISID Program Manager
